

# CENTRAL SCOTLAND BALLET SCHOOL – GRADED BALLET CLASSES

We recommend that ballet exam candidates attend as many additional classes as possible to reinforce the syllabus work in preparation for their graded examination. Students who attend more than one weekly class will be able to give a more confident performance in their exam. There may also be exam preparation classes held on Sundays, see notice board for details.

\*Extra classes are not compulsory for Pre-Primary candidates, but any extra practise is good!
